I. PURPOSE

This policy establishes rules and procedures for operation of student housing.

II. ACCOUNTABILITY

At the direction of the Vice President for Student Life and Dean of Students, the Assistant Vice President for Residential Learning and Inclusion Programs and other managers responsible for student housing shall implement and ensure compliance with this policy.

III. APPLICABILITY

This policy is applicable to all University owned and operated student housing facilities.

IV. POLICY

1. In order to receive a housing assignment in University housing, students must submit an application and accept the terms and conditions of the applicable housing contract for the term they are seeking housing.
2. The contract is a binding legal agreement between the University and the student. The terms and conditions of the contract are disclosed during the application process. The terms and conditions of the contract supersede any provision of this policy that may conflict with the contract.
3. Cancellations, Terminations and Suspensions of the Contract
   a. The contract terms and conditions specify the time period of the contract, typically for an entire academic year, and the grounds permissible for cancelation, termination or suspension of the contract. Students may request cancelation of the contract at any time by submitting a written request on the approved form and submitting supporting documentation. Requests will be reviewed by the University based on the criteria outlined on the form and in the contract. A cancelation fee may apply.
   b. Moving out or turning in keys without an approved cancelation does not release the student from the contract or any of their obligations under the contract, including the obligation to pay for the assigned space.
4. Application Deadlines and Wait Lists
   a. The application deadlines will be published each academic year and advertised as part of the lottery and room selection process. Students must apply by published deadlines. Students are notified as soon as possible when an assignment is made. Students who are placed on a waitlist will be assigned once space is available.
   b. Students requesting to live on campus after their freshman year participate in a lottery-based room selection process.
   c. On-campus housing is not guaranteed to juniors or seniors because demand for housing may exceed the available space. Students not successful during the lottery will be placed on a waiting list and assigned as space becomes available.
V. MANDATORY HOUSING REQUIREMENT

1. The University has determined that living in University residence facilities is a positive aspect of the total undergraduate experience for students at Rowan University. Accordingly, full time matriculated undergraduates enrolled at the Glassboro campus under age 21 with fewer than 58 credits are required to live in University housing, unless they will be commuting from a parent or guardian's home within 40 miles of the Rowan campus.

2. Students are exempt from the mandatory housing requirement in the following circumstances:
   a. The student submits documentation signed by his/her parent or guardian affirming that he/she will commute from that parent or guardian's residence and that the residence is located within 40 miles of the campus;
   b. The student is married or part of a legal domestic partnership;
   c. The student provides documentation that he/she requires accommodations due to a documented disability or medical condition and the accommodation is not reasonably available within University Housing.

3. Students who violate the on-campus residence requirements will be required to move into a residence hall and pay full room rent for the semester in which the violation occurs. Students who refuse to move onto the campus will be suspended from the University.

4. Students who wish to commute from the residence of their parents or legal guardians must live within a 40-mile radius of the institution and furnish a notarized statement of student residence confirming this.

5. In accordance with Board of Trustees Resolution #2013.06.17 waivers of the mandatory housing requirement may be made in the following circumstances:
   a. The student petitions to live with a responsible adult other than a parent or guardian and this arrangement is determined to be more suitable to the student's needs for financial or other legitimate reasons based on documentation submitted by the student;
   b. The student petitions to live independently in non-University Housing because he/she is responsible for the care of a child, family member or other dependent and the student submits documentation of these circumstances;
   c. The student submits documentation that he/she requires accommodations due to a documented disability or medical condition and the accommodation is not reasonably available within University Housing.

6. Disability Related Housing Accommodations
   a. Students who need housing accommodations related to any medical condition or disability should contact Mr. John Woodruff, Director of the Academic Success Center at 856-256-4234.
   b. Students are required to submit appropriate supporting documentation for their request and will be provided reasonable accommodations in accordance with University policy and applicable law.

7. Discrimination
   a. Rowan University does not discriminate in its housing assignments based on race, color, religion, sex, gender identity, sexual orientation disability, familial status, or national or ethnic origin, or any other legally protected class.
   b. Complaints of discrimination or unequal treatment should be referred to the Assistant Vice President for Residential Learning and Inclusion Programs or Vice President for Student Life and Dean of Students.

VI. GENDER INCLUSIVE HOUSING POLICY

1. Residential Learning and University Housing supports the commitment of Rowan University to be an inclusive institution of higher education. In addition, the University commits to provide housing in a manner consistent with the requirements of Title IX and other applicable laws protecting students from discrimination.

2. Chestnut, Evergreen, Laurel, Magnolia, Mimosa, Mullica, Oak, and Willow afford limited restroom privacy. Space in bedrooms and suites within these halls will be assigned on a same gender basis, in accordance with the student's expressed gender identity.

3. Holly Pointe Commons and all University apartment facilities afford greater privacy and are designated facilities for Gender Inclusive Housing. Bedrooms and apartments in these buildings will be assigned based on student preferences regarding roommate gender. Students in these buildings have the option to choose roommates without restrictions based on gender.

4. The following guidelines will apply to assignments in Gender Inclusive Housing:
   a. Students in rooms/apartments with roommates of a different gender must agree to this arrangement.
   b. Students who agree to a roommate/group including students of more than one gender will commit to living in a gender inclusive assignment for the full academic year.
   c. If a vacancy occurs, a student who has requested a Gender Inclusive Assignment may be assigned to the suite/apartment. If the vacancy results in a living group that is single gender and they wish to remain so, any new roommates assigned will be matched to maintain a single gender living unit. Students in this circumstance are responsible for notifying the University to update their gender assignment preferences.
   d. Gender Inclusive Housing is not intended for romantic couples. When individuals involved in a romantic relationship live together, it can lead to conflicts among roommates that are difficult to resolve, as well as problems that may arise if the relationship ends. For this reason, the University strongly discourages couples of any gender combination from living together. However, the University respects student privacy, and procedures for Gender Inclusive Housing will not require students to disclose the reason for their roommate requests, or prohibit couples from choosing to live together.
   e. Requests for exceptions to this policy may be granted upon submission to the Assistant Vice President for Residential Learning and Inclusion programs.
