VI. POLICY

1. Requirements:

RowanSOM may permit an individual to request that it restrict:

 - a. uses and disclosures of PHI about the individual to carry out treatment, payment or health care operations (TPO); and
 - b. disclosure related to involvement in an individual's care.

The [Request for Restriction of Health Information form](http://www.rowan.edu/compliance) can be accessed at the following website: www.rowan.edu/compliance

 - i. Rowan University School of Osteopathic Medicine units must send the [Request for Restriction of Health Information form](#) to Ray Braeunig, Chief Audit, Compliance & Privacy Officer, for approval or denial. If denied, the rationale must be documented.
 - ii. All requests for restrictions and termination of the agreement to restrict must be in writing.
2. Responsibilities:
 - a. RowanSOM must review all requests that are made by individuals to restrict use and disclosure of the individuals PHI; however, RowanSOM is not required to agree to the restrictions requested if RowanSOM determines that the restrictions would interfere with legitimate treatment, payment or health care operations. Section 164.522(a)(1)(vi) allows for the individual patient (including family member or other person) to request restriction on the disclosure of PHI to the insurance carrier (including Medicare & Medicaid) for a covered service and pays "out of pocket" for the service in full, the provider may restrict the disclosure of PHI. It is the responsibility of the individual patient to notify "downstream" providers of a restriction request, but it is the responsibility of the provider to notify the individual patient, to get additional restriction requests with those other providers.
 - b. If a RowanSOM unit agrees to an individual's restriction request, the restriction must be appropriately documented and such documentation be retained. Also, the restriction must be communicated in a manner as to assure that anyone accessing the information becomes aware of the restriction. For example, clearly indicate the restriction on the face of the chart or somewhere obvious to anyone accessing the chart.
 - c. If a RowanSOM unit agrees to an individual's restriction request, RowanSOM is not permitted to use or disclose the specified PHI in any manner, except in the event that the individual is in need to emergency treatment and the restricted PHI is needed to provide such treatment. In this case, the unit may use the restricted PHI or disclose the PHI to a healthcare provider to provide such treatment to the individual. In this event, RowanSOM must request that such health care provider, not further use or disclose the information.
 - d. A RowanSOM unit may terminate its agreement to a restriction if:
 - i. the individual agrees to or requested the termination in writing;
 - ii. the individual orally agrees to the termination and the oral agreement is documented; or
 - iii. RowanSOM informs the individual that it is terminating its agreement to restriction.
 - e. In the event that RowanSOM, for any of the above mentioned reasons, terminates the agreement to restriction, the termination is only effective with respect to PHI created or received after it has so informed the individual. The individual patient should be notified that previously restricted PHI may be disclosed to health plan unless they request an additional restriction and "pay out of pocket" in full for the follow-up services.

VII. NON-COMPLIANCE AND SANCTIONS

Any individual who violates this policy shall be subject to discipline up to and including dismissal from the University in accordance with their union and University rules. Civil and criminal penalties may be applied accordingly. Violations of this policy may require retraining and be reviewed with employee during the annual appraisal process.
