IV. DEFINITIONS

1. **Time limits for program completion**
The duration of enrollment expected for a student in regularly enrolled status from matriculation to successful completion of program requirements and graduation within the curricularly defined length of the program.
2. **Regularly enrolled status**
Students who have not taken a leave of absence and are completing coursework towards a degree or certificate.

VI. POLICY

1. Time Limits for Non-Degree Programs
 - a. Students in post-baccalaureate or graduate-level certificate programs are expected to complete program coursework and all other requirements including benchmarks and program exit requirements within nine (9) consecutive terms (3 years), including any summer term, from the original term of matriculation.
2. Time Limits for Degree Programs
 - a. Students in graduate-level degree programs are expected to complete program coursework and all other requirements including benchmarks and program exit requirements within 21 consecutive terms (7 years), including any summer term, from the original term of matriculation.
3. Extension of Time for Graduate-Level Programs
 - a. Students who do not successfully complete their academic program (as verified by the academic department) within the prescribed time limits officially will become “inactive” in the student information system and may need to reapply or submit a completed application for extension of time to continue with the program.
 - b. Students may maintain their active status and continue coursework by applying for an extension of time of up to three consecutive terms (1 year), including any summer term, from the original expected term of completion.
 - c. Students may submit an application for extension of time one academic term prior to the original expected date of program completion.
 - d. International students seeking an extension of time to program completion must consult with the International Center Office prior to application.
